GOVT OF MYSORE

Revered Sir,

We the undersigned public people of Harihar, most respectfully beg to tender the following for your benign consideration and favourable orders

We have prayed for the removal of - Messrs R T Govinda Rao's Ground-nut Decarticating - Factory situated near the Musafar Khana, H Division, Harihar Town Extension and for the occupation of the same by the Town Municipality We have approached - the Dewan Saheb and the First Member of Council in the matter Though the benign Government have been - pleased, Sir, to pass orders for the removal of the - said Factory to a different locality, yet the orders are not brought into effect

On account of the dust, noise and - bustle a great nuisance is caused to the surrounding public people Though the people have purchased new sites for construction of buildings around the factory they have no desire to do so on account of the existence of the factory

We most respectfully beg of you, Sir, to kindly pay a visit to the place and see the conditions personally and to accordimmediate orders for the speedy removal of the said factory

Hoping for gracious orders,

We beg to remain,

SUBJECT —Shifting the Factory of Mr R T Govinda Rao in Harihar Musafirkhana extension

---

With reference to your letter No L 2570 dated 28th September 1940 calling for a report in regarding to the shifting of the groundnut decorticating Factory, belonging to Mr R T Govinda Rao, Harihar, Town I have the honour to state that the President of the Municipality has reported that this aspect of the question was considered by the Municipal Council at their meeting held on 18th December 1940

2 A resolution was passed to the effect that the -- Factory in question might be removed from its present place and that the owner might be given reasonable compensation that might be fixed by Government In view of the straitened finances of the Municipality, it was resolved that - Government might be requested to kindly sanction grant from State Funds to meet the expenditure in connection with the acquisition of the Factory (vide resolution copy enclosed for kind reference)

3 As the Municipal President, Harihar and the Sub Division Officer, Davangere reported that there were no technical subordinates under their control who could furnish the correct valuation of the existing factory of Mr R T Govinda Rao to enable the -- Harihar Municipality for taking action to acquire the factory, I have addressed the Director of Industries and Commerce to kindly ~~xxxxxxx~~ inspect the existing - factory and to furnish me an estimate as to the valuation of the same

3 The Sanitary Engineer, Bangalore who was consulted in the matter has consented to select a suitable place for locating the factory

4 On receipt of suitable proposals from them, I shall submit a further report to Government in the matter

I have the honour to be,

Shifting the factory of Mr B.T.Govinda Rao in the Harihar Musafarkhana Extension

---

With reference to your No.G1-11089/41-42 dated 29th Novr.1941 instructing me to inspect and furnish the valuation regarding the machinery only at the above Factory, I have the honour to submit the following details after inspecting the factory on the 12th and 13th instants Mr.R.T.Govinda Rao was present at the time of my visit to the Factory

On inspection, it is seen that this factory consisted of a 24 B.H.P. oil engine, four double roller gins, one rice huller, one decorticator and two flour Mills. On the date of inspection, only one decorticator, athe wooden platform for gins and dealwood hopper for feeding cotton to the gins were the only machinery and articles that could be seen. The party (Mr.R.T.Govinda Rao) informed me that he has sold all the remaining machinery.

The machinery and other articles and the foundations put up at the factory could be made into two groups. Those that could be removed and used again and some other items that could not be removed but to be left behind Since the factory has worked for about 14 years, a depreciation of 5% has been allowed on the machinery fixing the present value for the balance amount after allowing depreciation. The Cement concrete foundations and some other items that cannot be removed are valued at 50% of the original cost, taking into consideration the satisfactory working of the factory for over 14 years

The value of the machinery and other articles that can be removed and used again comes according to the above valuation to Rs.155. The value of the remaining items that cannot be removed and made use of again is Rs.375.

Details under the two groups are as follows:---

I. Machinery and articles that can be removed and used again.

Name	Original value Rs	Present value after allowing depreciation
1. Groundnut decarticator	200	60
2. Junglewood rafters for Gin Platform	94	47
3. Junglewood Platform	34	17
4 Dealwood hopper for cotton	38	19
5 Bolts and nuts.	24	12
Total	390	155

II. Item that cannot be removed but are to be left off ---

1. Cement concrete for engine, huller and main shaft	210	105
2. Brick in Cement	15	7½
3. Rough Stone in Clay	227	113½
4. Burnt Brick in Clay	167	83½
5. Earth Work Excavation (soft rock)	48	24
6 Foundation bolts of the Engine, huller decorticator and main shaft.	36	18
	703	351½

Add labour charges for dismantling and shifting the existing items 23½ Rs.375-

It is thus seen that by shifting the factory, the p[illegible] have on hand machinery and other articles valued at Rs.155 [illegible] have left behind certain items valued at Rs.375 as detailed above.

The connected references are herewith resubmitted.

Sir

SHIFTING of Mr.R.T. Govinda Rao's Factory at H a r i h a r.

With reference to your letter No L.5399/Ml.119-41-2 2o dated 28th November 1942 on the above subject, I have the honor to state as follows -

The cost of shifting the factory from its present position will be Rs.6000/- being the value of site to be acquired.

2. The factory is not working at present as Mr. R T. Govinda Rao has removed the machinery from the factory.

3. Since the factory is not working there is no nuisance caused to the public.

4 As there is an idea of forming an Industrial suburb at Harihar, the idea of locating the factory may be deferred until the suburb is formed.

5 The connected records are returned herewith for perusal.

I have the honor to be,
Sir,
Your most obedient servant,
